

# Lifetime Cabling Warranty

**Valley Network Solutions  
warrants the workmanship of our computer  
cabling for the lifetime of it's installation.**

## What the warranty covers:

If for any reason, should computer cable installed by Valley Network Solutions personnel be found to be defective due to deficient workmanship, we will replace the affected section(s) free of charge over the lifetime of it's installation.

## How can we warrant cabling for lifetime?

We are experts at all phases of computer networking from the installation of infrastructure to the design and implementation and on-going support of computer networks. We offer Silicon Valley expertise and experience to our Central Valley clients.

## What the warranty does not cover:

- Failures due to subsequent cabling installation services by another vendor.
- Damage caused by rodents or other animals.
- Tampering by any person not employed by Valley Network Solutions.
- Changes in system configuration that materially alter, re-align, or change in anyway Valley Network Solutions' original cabling installation.
- Damage due to neglect or the weather.
